

## Ken Story

1373 West 73<sup>rd</sup> Avenue | Vancouver, BC | 778 866 4246 | [kenstoryx@gmail.com](mailto:kenstoryx@gmail.com)

LinkedIn: <https://www.linkedin.com/in/ken-story-45754790/>

## Experience

### Software Developer

Visier | July 2017 - Present

- Created end to end features with LESS styled, AngularJS components and controllers on the front end, Scala controllers on the back end with Play framework
- Implemented ETL routines in Scala and Spark to read and apply business logic to multi-gigabyte datasets of HR information efficiently

### Software Developer

Environment Canada | May 2015 – Dec 2015

- Integrated Hibernate into the DBMS, consolidating historical data storage in csv files rather than in multiple SQL and Postgres scripts

### Junior Software Developer

Simba Technologies | May 2014 – Dec 2014

- Implemented renormalization for a DynamoDB NoSQL driver in C++, allowing read/writes to collection datatypes with SQL statements

## Skills

### Professional Usage

- Java
- Scala
  - Play Framework
  - Spark
- AngularJS
  - Typescript
  - LESS CSS

### Side Project Usage

- Python
  - Jupyter Notebooks
  - Tensorflow

## Education

Coursera | 2016

- Machine Learning by Andrew Ng

Simon Fraser University | 2012 – 2016

- Bachelor of Science, Computing Science
